**Accu Care**

HOME HEALTH SERVICES, INC

*Nurturing support,  
when you need it, where you need it.*

**Accu Care**

HOME HEALTH SERVICES, INC was started August of 1985 by JoAnn R. Curry and Mary Patricia Hopper, both Registered Professional Nurses with over twenty-five (25) years of nursing experience. Having worked in various aspects of the nursing field throughout our careers, we realize the importance of providing quality nursing care to individuals in a home care setting.

Health care has always been an ever-changing and very progressive field in our society. The increasing technological advances in medicine and health care enable individuals to stay in a home care setting. No longer is it necessary for an individual to remain in the hospital or placed in a long term care facility for effective health care. It is now possible for these people to receive health care services in the comfort of their own homes, safely and adequately.

Accu Care Home Health Services, Inc. is licensed by New York State Department of Health and is available to serve residents of Albany, Columbia, Greene, Fulton, Montgomery, Rensselaer, Saratoga, Schenectady and Warren counties.

This home health care agency offers a variety of services such as skilled nursing and aide services depending on the medical needs of the individual client. Home health care services are provided to all ages and varied social economic groups in the nine (9) approved counties.

Being able to view the client as a total human being in the health/illness continuum is a very important aspect of home care. To accomplish this effectively, the client is encouraged to become involved in the decision making process with their health care plan; involving other disciplines, the client's family/responsible other, community resources, etc.

The philosophy of this home health care agency is to have services provided to every client reflect the uppermost aspect of professionalism. This includes confidentiality, respect, compassion, developed skills, punctuality, and proper attire. All of these aspects of professionalism are necessary when providing quality services. This philosophy is conveyed to all employees at time of hire and they are expected to maintain this attitude when providing care to their clients.

If you have further questions regarding Accu Care Home Health Services, Inc. please feel free to call us at (518) 449-1142.

Thank you.

Mary Patricia Hopper, RN, President  
JoAnn R. Curry, RN, Vice President
